

Golden Reel Fishing: Black Sea

Release date: 30.04.2026

Cast off into the waters of **Golden Reel Fishing: Black Sea**, where each spin offers a chance to land rewarding combinations. The game features Cash symbols with random values that can combine to deliver payouts. The Fishing Frenzy feature may add extra symbols to the reels, increasing winning potential. Landing Scatter symbols triggers the Hold and Spin bonus game, which begins with a wheel that can award various boosts. During the bonus game, collect, multiply, and enhance values with special symbols across a series of Re-spins. Filling a reel with Cash symbols activates the Fishing Net, combining values into a single symbol. With fixed-value Jackpot Cash symbols also in play, the game offers multiple ways to build your winnings.
