

Baccarat BB Release date: 29.02.2024

Dive into the thrill and join the exciting world of our new eight-deck online Baccarat BB! The goal is simple: predict which hand will come closest to a total of 9, or hit it exactly, without going over. Our eight-deck Baccarat BB game invites you to place your bets on one or all of the five betting sections on the table: Player, Banker, Tie, Player Pair, and Banker Pair. Remember, Aces are counted as I; Kings, Queens, Jacks, and I0s are valued at 0; and all other numbered cards retain their face value. If neither you nor the banker is dealt an 8 or 9 in the opening hand, the tableau is consulted — first for the Player's rules, then the Banker's. This determines whether a third card is drawn and ultimately who the winner will be. Place your bets, deal the cards, and discover if you have what it takes to outplay the banker!
